

One of many loose dogs in the Canyon de Chelly area.

Off season in Canyon de Chelly!

The valley floor was lush in contrast to arid mesa tops.

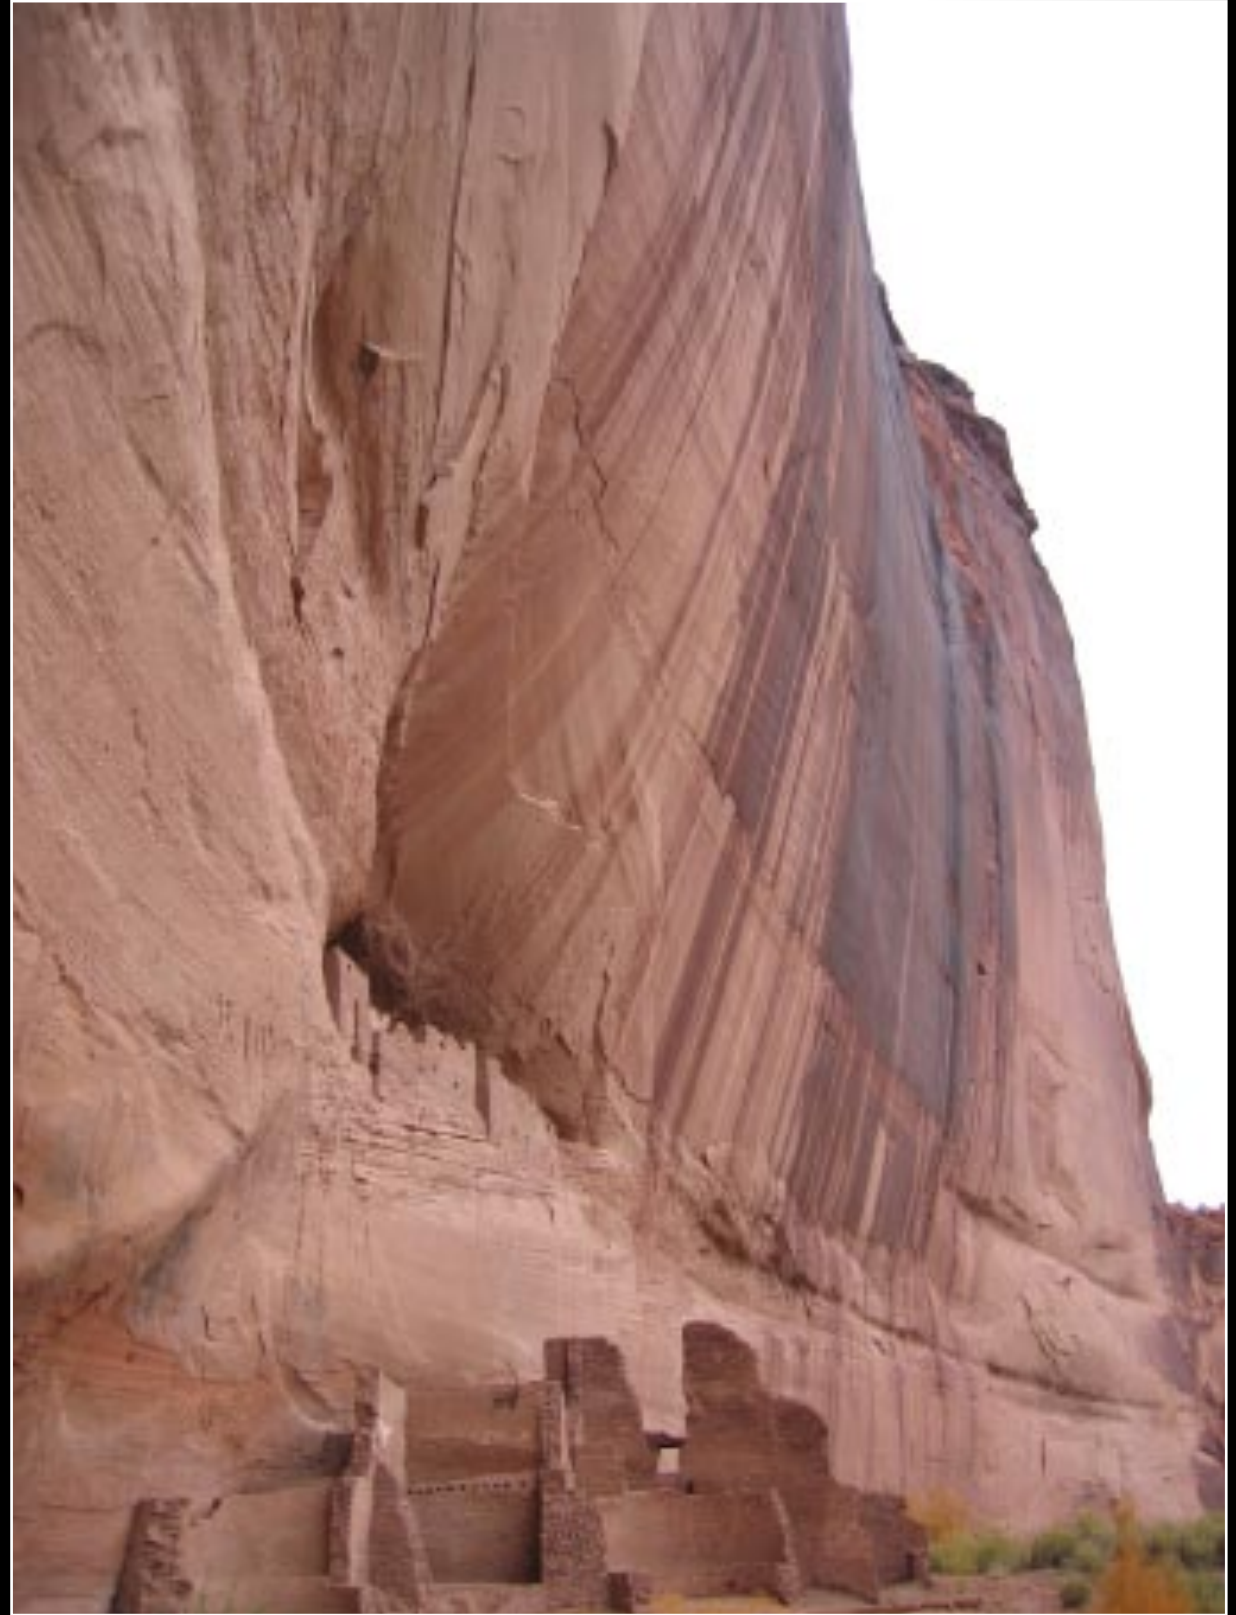

The White House. About 100 people lived here at the peak.

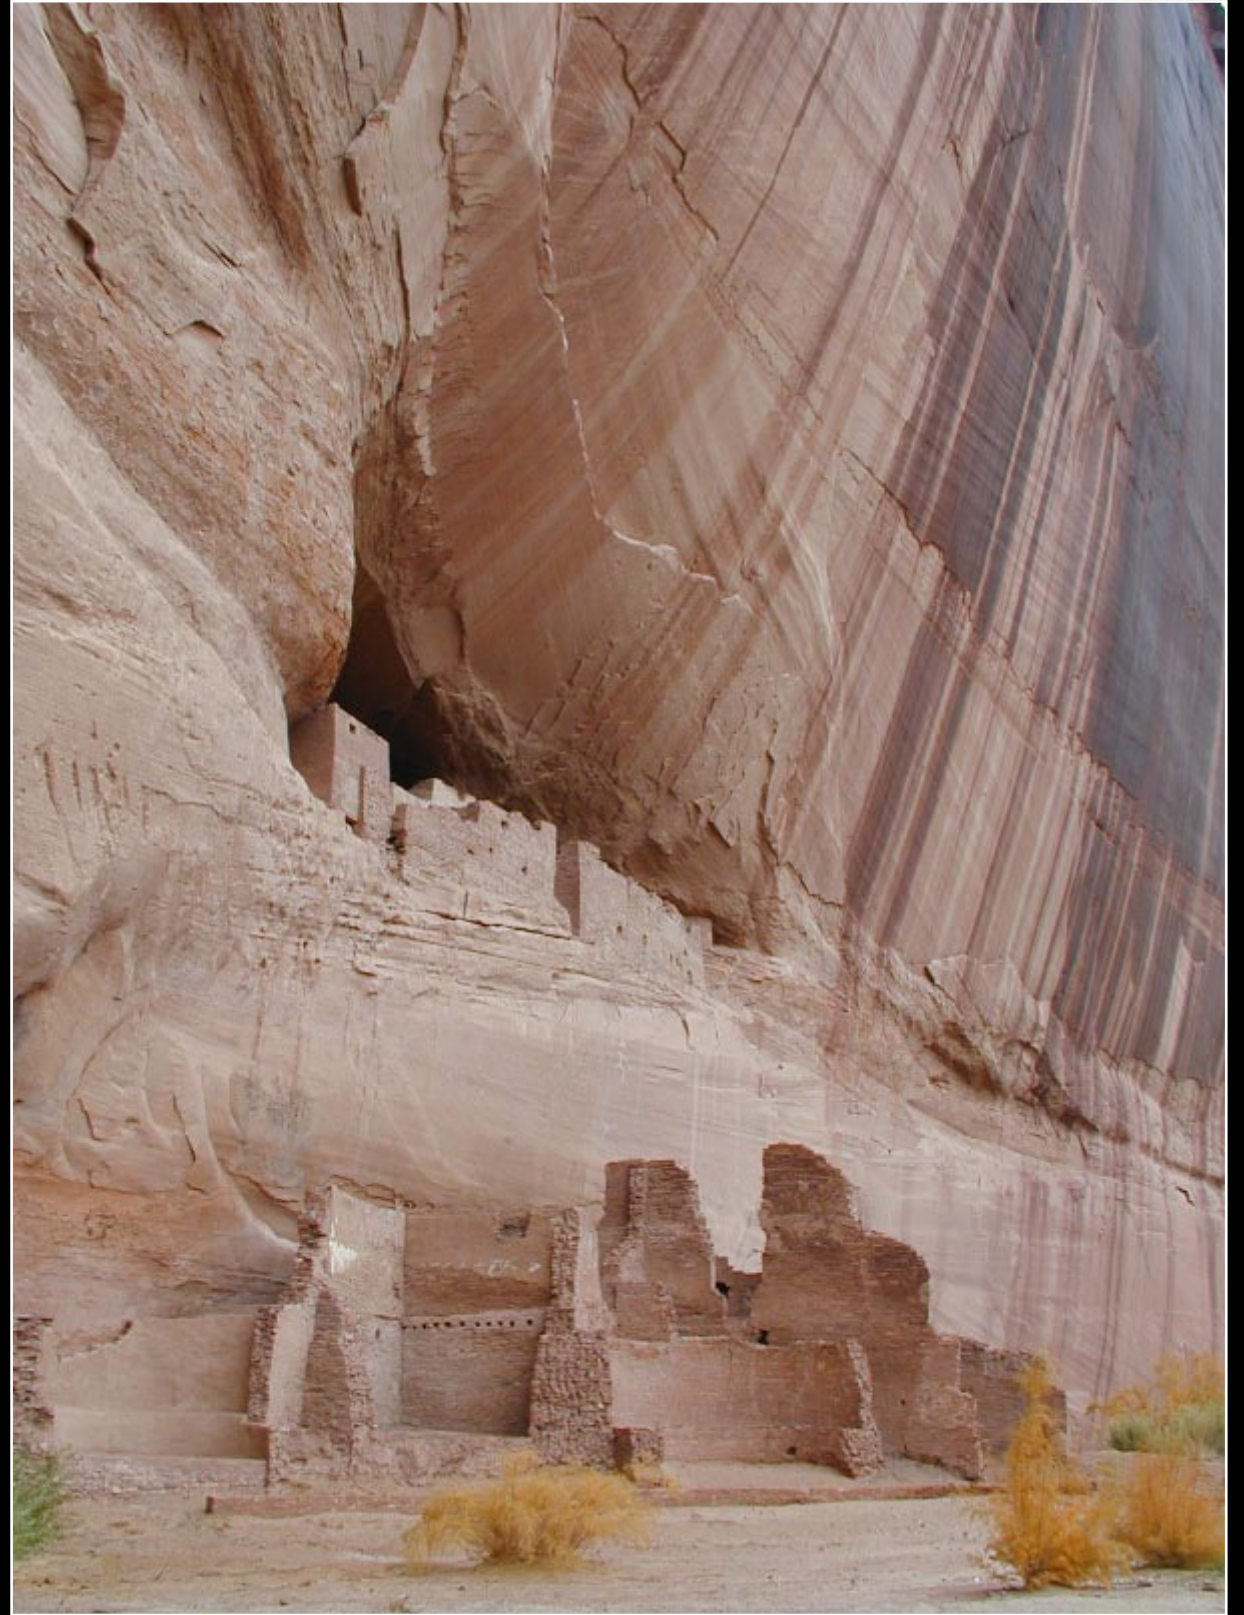

The White House at the bottom of Canyon de Chelly

The White House. It had about 60 rooms.

Petroglyphs of responsibility, four sacred mountains, scorpion

The White House viewed from upriver.

Petrified Forest and Painted Desert. Lots of ravens.

Whole lotta petrified wood.

Triassic wood. That's about 225 million years old.

Old wood is fun!

Hiding from the wind

Not so dry.

Not sure if this was Painted Desert or not, but it looked cool.
