

Black sand beach with a basking turtle.

Black sand forms when certain kinds of lava hit the sea.

Find the cat.

Rather wet rain forest. It was only in the 50's.

We stayed in the house back there.

Whole lotta Pahoehoe lava.

Do not eat the Pahoehoe.

Red hot lava meets the ocean.

Lava over ran this road.

We went at night in order to see the lava better.

Lava flowing into the ocean at late dusk.

HALEM

Halemaun

Ledg

ndq

DO NOT FEED NENE

Feeding attracts the Hawaiian goose to parking areas and roadsides where they are run over.

Help Hawai'i's state bird, a Federally protected endangered species.

Nene started from some very lost Canada Geese.

The Halemaumau inner crater at Hawai'i Volcanoes Park.

DANGER

VOLCANIC FUMES ARE
HAZARDOUS TO YOUR
HEALTH AND MAY BE
LIFE THREATENING

DO NOT ENTER THIS AREA IF
YOU ARE A PERSON AT RISK

- RESPIRATORY PROBLEMS
- HEART PROBLEMS
- PREGNANT
- INFANTS & YOUNG CHILDREN

Hmmm, OK.

Don't fall in!! It feels like the ground will swallow you up.

Kilauea is still actively emitting sulfuric acid steam.

Lots of tree ferns in the rain forest there.

The jungle might swallow you, too.

Huuuuge ferns!

Lava tube

Emerging from the unlit portion of the tube.

Another crater

And another!

Same one, different angle.

Saddle Road. Two lanes. Sort of.

Very green on the Western side of the saddle.

Mouna Kea, left, and Mauna Loa, right. Both 13'ers.
